CARS CRASH IN FOG AT WARM SPRINGS

A highway accident involving four cars and a Washington Union High School bus happened one-half mile south of Warm Springs Wednesday morning on Highway 17 but was still unreported yesterday to the state highway patrol.

Witnesses to the crash, which occurred in the early morning fog, related that the bus stopped to pick up a student passenger and an automobile directly behind the bus, obeying the law in not passing a halted bus, also stopped. In the interval of a few seconds three other cars, failing to see the halted car, telescoped into one another. The bus was not damaged but two of the automobiles were so badly smashed that it was necessary to tow them from the scene of the accident. State patrolmen have been unable to learn the names of the drivers involved or to determine if any injuries were received.

NORRIS TWINS OBSERVE 87TH BIRTHDAY

* * * * * * * * *

PIONEER RESIDENTS HAVE SPENT ENTIRE LIFE IN SAME HOME NEAR CENTERVILLE

Most people associate the phrase, "four score and seven years ago," with Lincoln's Gettysburg Address but it has a special significance to Emma J. and Harriet E. Norris of Centerville, for it was 87 years ago last Sunday that twin daughters were born to the late Mr. and Mrs. Garrett Schyler Norris.

Sunday afternoon at the home of their sister-in-law, Mrs. Garrett Norris, which adjoins the sisters' home, a birthday party was held with more than 25 nephews and nieces gathered to pay their respects. Countless friends of the jovial elderly ladies also came during the entire day to wish them many more happy birthdays.

The sisters enjoyed all of the "hubbub" and were particularly pleased with the huge birthday cake with the colorful frosting which spelled out "Happy Birthday Aunt Emma and Aunt Harriet."

HAVE ALWAYS LIVED HERE

The twins were born in a house which stood on the same site of their present home. The house in which they now live was moved to the location in 1880; thus their entire lives have been spent at the same address, 336 South Main Street, Centerville. However, in earlier days, the house carried no street number and the only neighbors were the families of Robert Blacow, Herman Eggers and Henry Dusterberry.

Their father, the late Garrett S. Norris, came to what is now Centerville in 1852 from New York and raised four daughters and four sons. One of the daughters, Mary E. Norris, resides with the twins. The fourth daughter, Miranda, passed away in 1938. Of the

ZONING PLAN IS PRESENTED AT PUBLIC MEETING

Residents of Newark indicated their approval of the proposed zoning of that community by staying away from the public meeting held Tuesday evening in the Newark Pavilion called for the purpose of hearing any objections to the plan.

Only 15 persons attended to hear Roland Campbell and John Thomas of the Alameda County Planning Commission and engineer's office explain the plan as presently outlined.

It was decided to hold two public meetings with the planning commission in the county court house in May and June, at which time property owners in the community will be asked to appear and express their desires either pro or con.

Campbell pointed out that any business or practice now established in a prohibited area may continue to operate but technically cannot be enlarged.

"We are attempting to guide the growth of the community from here on, not to change what is here now," Campbell stated.

Under the proposed plan the area in and about the community would be divided into the following restricted districts: heavy industry, for large industrial plants that would be objectionable to nearby residents; light industry zone, industries that would not create offensive odors, smoke or disturbances; commercial area, general business district which would include stores and business houses; residential farming area, for residents desiring to keep large animals; multiple residential district, for apartments and rooming houses, and the single family residential district for single family dwellings only.

Campbell pointed out that various regulations in the zoning restrictions may be changed at any time if it is decided by the palnning commission that it is for the benefit of the most people concerned.

DELAY GRANTED IN DOG-KILLING CASE

Attorneys for Dr. F. Donald Gomes, Niles, defendant in a damage suit brought by Floyd McCown, Niles, have requested and been granted a 10-day delay in answering the charges brought by the plaintiff.

LeRoy Broun, attorney for McCown, stated yesterday that Myron Harris of Oakland, attorney for Dr. Gomes, had been granted until February 19 to answer to the charges by stating his defense. After that date and the answer is filed the case will be set for hearing in the Justice Court in Niles.

The suit, asking for $300 damages, charges that Dr. Gomes "willfully, maliciously, wrongfully and without cause shot and killed a dog belonging to the plaintiff on the day of Jan. 19, 1947."

RED CROSS MUSTERS CAMPAIGN FORCES

R. A. Jolly, newly appointed Washington Township Red Cross chairman, began mustering forces this week in preparation for the annual Red Cross fund-raising campaign scheduled to open here by the first of next month.

Jolly pointed out that there is still a great need for additional funds for the organization to maintain field workers both here and abroad to care for the victims of World War II. He revealed that the quota for the township is slightly over $11,000.

In outlining his plan for the coming campaign Jolly tentatively appointed community chairmen to supervise the drive in their home communities. Those named to serve as chairmen are: Jack Parry, Niles; S. W. Katzer, Alvarado; Kenneth Foster, Newark; C. N. Christensen, Irvington; Lois Bottenberg, Mission San Jose; Lew Musick, Decoto; Henry Gomes, Centerville; and Joseph Brown, Warm Springs.

BILL HELM ADDS TO GOOD NEWS

How're you improving in spelling, kids?

You better dig in and work just a little harder—and there's a plenty good reason. Bill Helm made the announcement this week.

Every representative of the various schools of the township who participates in the finals of The Township Register Spelling Bee next month at the high school, and does not win a cash prize, will receive a free pass to the Niles Theater.

So, even though you don't come out in the finals with either the $15 first prize, or the $5 second prize, or the $2.50 third prize, you will still win!

The only thing is: you MUST be one of the contestants from your school to enter the finals.

And, it's going to be a real contest, kids.

In order to win you'll have to be plenty good.

On February 25, Dr. N. Wing Mah, associate professor of political science at the University of California, will deliver an address entitled "A Report on China."

HEARS TESTIMONY IN ANDRADE CASE

Testimony in the case of Mouzon Matthews and others living in Canyon Heights, Niles, against Rafael Andrade, also of Niles, was heard by Judge Benjamin Jones in superior court Monday.

The suit was brought in an attempt to force Andrade, of Mexican descent and a former Marine Corps corporal, from occupying his recently purchased home in a tract of homes in Niles Canyon Heights. The suit states that the tract is restrained and is not open to people of the "Mexican race" or non-Caucasians.

Judge Jones requested attorneys for both sides to prepare and present written briefs and arguments. At the conclusion of 25 days the case will stand submitted to the court for a decision.

Quick and easy baking recipes

With the excellent ingredients available, good tested recipes, and quick methods, baking is no problem for today's homemaker. It's easy, too, to take standard recipes and make them seem entirely different by baking them in different ways. Here's what you can do with a standard drop biscuit recipe. (Use the same ideas with your favorite biscuit mix.)

DROP BISCUITS
2 cups all-purpose flour
3 teaspoons baking powder
1 teaspoon salt
4 tablespoons shortening
1 cup milk

Sift and measure flour; sift again with baking powder and salt. Cut in the shortening with 2 knives or pastry blender until the size of small peas. Add the milk all at once, stirring only until all flour is combined. (Batter should still be lumpy.) Drop by spoonfuls onto greased cooky sheet or into greased muffin pans. Bake in a hot oven (450° F.) 15 minutes or until biscuits are done. Makes 12 medium-size biscuits.

CRUSTY DROP BISCUITS—Drop by tablespoonfuls about an inch apart onto a greased cooky sheet. Bake in a hot oven (450° F.) 15 minutes or until biscuits are crusty and brown.

SURPRISE PARTY BISCUITS—Drop batter into 12 greased muffin pans. Top with a spoonful of jelly or jam. Bake in a hot oven (450° F.) 15 minutes or until biscuits are done.

CRUSTY BISCUIT RING—Drop biscuit batter by spoonfuls into well-greased 8-inch ring mold. Bake in a hot oven (450° F.) 15 minutes or until done. Fill biscuit ring with creamed eggs, tuna, chicken, or meat. Serves 6.

CURRY OR PARSLEY DUMPLINGS—Add 1 teaspoon of curry powder to the dry ingredients or 2 tablespoons finely cut parsley to the milk. Combine as directed. Drop by spoonfuls into gently boiling stew. (Dip spoon into hot stew and dumplings will slip off easily.) Cover tightly, and cook 12 to 15 minutes. Do not lift cover while dumplings are cooking. Serve immediately.

FRUIT COBBLER—Arrange sweetened sliced fresh or cooked fruit in a baking dish. Dot with butter or margarine. Add 2 or 3 tablespoons of water or juice. Drop biscuit batter by spoonfuls on top of fruit. Bake in a hot oven (450° F.) 15 minutes or until fruit is tender and cobbler brown. Serve hot or cold.

Getting Around
with The Editor

NEWSPAPERS GALORE

Go to almost any meeting around the township and you'll find anywhere from one to a half dozen newspaper representatives. Here is an always interesting audience, and one which can on occasion make mountainous publicity out of even molehill activities.

This week a young man from the Oakland Post-Enquirer dropped into our office on his rounds to pick up material for a feature story on Niles. He's going to do this with every town in the township. His paper is getting interested in this area.

Just lately, the San Jose Mercury-Herald started covering the township for news with a reporter working part time here.

And, of course, there has always been the Oakland Tribune, represented locally for years and years.

Then there are the three township newspapers.

Of course.

Call a meeting. Have the press. And you have a meeting.

FUNNY?

Maybe it isn't funny, but I thought it was. Tom Wilson, the witty dentist, came out with it at this week's Niles Chamber of Commerce luncheon. This will, at least, appeal to those of you who like to see Bill Helm's Wabbit cartoons.

A lady opened the door to her electric refrigerator. A live rabbit gazed at her from inside.

"What are you doing there?" the lady asked the rabbit.

"What kind of wefwigwater (Ed. Note: Refrigerator) is this?" asked the rabbit.

"Westinghouse," said the lady.

And the rabbit said: "Well, I'm westing."

In order to leave you laughing like that, I won't continue.

Official Notice of Sale Decoto School District 1947 School Bonds

NOTICE IS HEREBY GIVEN that sealed proposals will be received by the Board of Supervisors of the County of Alameda, State of California, at the office of the County Clerk and ex-officio Clerk of said Board of Supervisors, in the Court House, 1225 Fallon Street, Oakland 7, Alameda County, California, on February 25, 1947, at the hour of 10 o'clock A.M., (P.S.T.) for the purchase of $72,000.00 principal amount of the bonds of the Decoto School District of Alameda County, State of California, more particularly described below.

ISSUE: $72,000.00 consisting of seventy-two (72) bonds of the denomination of $1,000.00 each, numbered 1 to 72, inclusive, all dated April 15, 1947.

INTEREST RATE: Maximum four and one-half (4½) per cent. per annum, payable annually for the first year on April 15, 1948, and semi-annually thereafter on October 15th and April 15th in each year. Bidders must specify the rate of interest which the bonds hereby offered for sale shall bear. Bidders will be permitted to bid different rates of interest and to split rates irrespective of the maturities of said bonds. The interest rate stated in the bid must be in a multiple of one-quarter of one per cent. per annum, payable as aforesaid.

MATURITIES: Said bonds mature serially in consecutive numerical order, from lower to higher, $3,000.00 on April 15th in each of the years 1951 to 1958, both inclusive, and $4,000.00 on April 15th in each of the years 1959 to 1970, both inclusive.

PAYMENT: Both principal and interest payable in lawful money of the United States of America, at the office of the County Treasurer of Alameda County, in Oakland, California.

REGISTRATION: Coupon bonds will be issued by said Board of Supervisors on behalf of said Decoto School District. Such bonds are registerable only as to both principal and interest.

PURPOSE OF ISSUE: Said bonds are authorized to be issued and sold for the purpose of raising money for the following purposes:

The purchasing of school lots;

The building or purchasing of school buildings;

The making of alterations or additions to the school building or buildings other than such as may be necessary for current maintenance, operation or repairs;

The supplying of school buildings with furniture or necessary apparatus of a permanent nature;

The permanent improvement of the school grounds.

SECURITY: Such bonds are general obligations of the Decoto School District of Alameda County, State of California, and the Board of Supervisors of the County of Alameda has power and is obligated to levy ad valorem taxes for the payment of said bonds and the interest thereon upon all property within said Decoto School District subject to taxation by said District (except certain intangible personal property, which is taxable at limited rates), without limitation of rate or amount.

TAX EXEMPT STATUS: In the event that prior to the delivery of the bonds the income received by private holders from bonds of the same type and character shall be declared to be taxable under any Federal Income Tax Laws, either by the terms of such laws or by ruling of a Federal Income Tax authority or official which is followed by the Bureau of Internal Revenue, or by the decision of any Federal Court, the successful bidder may, at his option, prior to the tender of said bonds by the Board of Supervisors, be relieved of his obligation under the contract to purchase the bonds and in such case the deposit accompanying his bid will be returned.

The bonds will be awarded to the highest and best bidder considering the interest rate or rates specified and the premium offered, if any. The highest bid will be determined by deducting the amount of the premium bid (if any) from the total amount of interest which the District would be required to pay from April 15, 1947, to the respective maturity dates of the bonds at the coupon rate or rates specified in the bid and the award will be made on the basis of the lowest net interest cost to the District. The lowest net interest cost shall be computed between the dates aforesaid according to standard bond interest tables. The purchaser must pay accrued interest from the date of the bonds to the date of delivery. Said Board of Supervisors reserves the right, in its discretion, to reject any and all bids and to waive any irregularity or informality in any bid.

The Board of Supervisors will take action awarding the bonds or rejecting all bids not later than February 25, 1947. Delivery of said bonds will be made to the successful bidder at the office of the County Treasurer of Alameda County in Oakland, California, as soon as the bonds can be prepared, which, it is estimated, will be about April 18, 1947. The successful bidder shall have the right, at his option, to cancel the contract of purchase if the bonds are not tendered for delivery on or prior to May 1, 1947, and in such event the successful bidder shall be entitled to the return of the deposit accompanying his bid. The cost of printing the bonds will be borne by the District.

All bids must be unconditional, for not less than all of the bonds hereby offered for sale, and for not less than the par value thereof and accrued interest to date of delivery. Such bids, together with bidder's check, must be enclosed in a sealed envelope addressed to the Board of Supervisors of Alameda County, State of California, and endorsed "Proposal for 1947 School Bonds of Decoto School District of Alameda County." With each bid must be submitted a certified check or cashier's check for $1,000.00 drawn on a bank or trust company authorized to transact and transacting business in the State of California, payable to the order of the Treasurer of Alameda County, to secure said Decoto School District from any loss resulting from the failure of the bidder to comply with the terms of his bid. In addition bidders are requested (but not required) to supply an estimate of the total net interest cost to the District on the basis of their respective bids, which shall be considered as informative only and not binding on either the bidder or the District. Checks of the unsuccessful bidders will be returned upon the award of the bonds. No interest will be paid upon the deposit made by the successful bidder.

Grandma will tell you that PEARL OIL was a kerosene leader in her day—just as it is now. It doesn't give off smoke, soot or gases that might smell up rooms. It gives more heat with bright steady flame that won't creep up to scorch pies, cakes. And PEARL OIL is *pure*—it all burns—no waste! Use it in all your kerosene appliances.

HUSKIES BOW TO LOS GATOS FIVE

The Washington High School Huskies "B" squad climbed another step on the S.C.V.A.L. standings last Friday by defeating the Los Gatos quintet 19-6, but the varsity was tumbled into the lower bracket by virtue of their 33-27 defeat.

Coach Jud Taylors "B" squad played an outstanding defensive game, holding the visitors to but one field goal and that coming in the final quarter.

The Washington varsity lost a heart-breaker which was tied 24 all at the end of the fourth quarter. In the overtime they were outpointed by the visitors. The Huskies made but 26 per cent of their shots while Los Gatos clicked 45 per cent of their shots for tallies.

The Huskies will journey to San Jose tonight for a twin-bill with the Tech squads, the first game slated to begin at 7 o'clock.

Tuesday they will return to San Jose for two games with the Bellarmine aggregation.

TWO FIRES CAUSE LITTLE DAMAGE

The Decoto Fire Department answered an alarm at the Pacific States Steel Mill Thursday morning. Some electrical wire had shorted in a shed on the property and the blaze was quickly extinguished.

The Niles department was called to the Niles Canyon Trailer Camp Saturday night to extinguish a blaze in a shed near the camp office. Estimated damage to the shed and furniture stored in it was set at $150.

REGULAR CHURCH GOERS

Each Sunday morning Miss Emma and Miss Harriet walk the three blocks to Holy Ghost Church. When asked if they always walked the distance Miss Emma remarked with pride, "Shucks yes. It isn't any distance at all."

In 1926 the Norris twins took a five months' trip visiting relatives in all the eastern coast states. "You see," Miss Emma confided with a chuckle, "we had plenty of relatives to visit as my father was one of a family of 14 children."

The two sisters are identical twins and when they attended Centerville Public School, which was then located on the Niles Road, they had great sport confusing the students and teachers but most people say today that they can tell the twins apart.

"No one used to be able to tell us apart," added Miss Emma.

Or was it Miss Harriet.

Incandescent electric lights, motion pictures, the talking machine, the dynamo—"Made in the U. S. A."

Edison, genius of his time and eternally the wizard of electricity, is, like Abraham Lincoln, a personification of American opportunity. Born of poor and obscure parents, Edison rose to high honor and achievement by virtue of his vision, his ability, his toil and his enterprise. And in America he found the opportunity to materialize his dreams and produce them for Mankind the world over.

"Made in the U. S. A." labels Edison the man as well as his hundreds of inventive marvels.

Free men, with opportunity to realize their ambitions; enterprising men, with opportunity to produce; skillful men, with opportunity to succeed; hard-working men, with opportunity to profit by their labors; happy men, with opportunity to enjoy life—these are men from which Edisons spring.
